May 1, 2023

Dear Ms. Buckley:

The Teton County Board of County Commissioners would like to thank Jackson Hole Mountain Resort (JHMR) for donating a temporary construction easement and a permanent pathway easement to the County as part of the Wilson to Stilson Pathway project.

Access to these easements plays a critical role in completing component 6 of the Teton Mobility Corridor Improvements (TCMI) BUILD Grant Project, constructing a pathway and underpass below Wyoming Highway 22, linking Wilson to the planned Stilson Transit Center.

We are grateful for JHMR's contribution to this project and appreciate your active engagement and desire to improve multimodal connectivity in Teton County and our surrounding areas.

The Board and staff look forward to 'moving together' on other TCMI projects.

With thanks and appreciation,

---

Luther Propst, Chair  
Teton County Board of County Commissioners

---

Attest: Maureen E. Murphy  
Teton County Clerk
